Professional Summary

Results-driven Senior Network Engineer with over 8 years of experience designing, deploying, and optimizing enterprise-scale network infrastructure. Proven track record in migrating legacy infrastructure to SD-WAN and hybrid cloud environments, resulting in 99.99% uptime. Strong leader adept at managing multi-million Naira projects, mentoring junior engineering teams, and automating network operations.

Core Competencies

- **Network Architecture:** LAN/WAN, SD-WAN, WLAN, Data Center Fabric (Cisco ACI).
- **Routing & Switching:** BGP, OSPF, EIGRP, MPLS, STP, VXLAN.
- **Network Security:** Palo Alto Next-Gen Firewalls, Cisco ASA, Fortinet, VPN (IPsec/SSL).
- **Cloud & Automation:** AWS (VPC, Direct Connect), Python, Ansible, Terraform.
- **Tools & Monitoring:** Wireshark, SolarWinds, Splunk, Cisco DNA Center.

Professional Experience

Senior Network Engineer | *Enterprise Solutions Ltd,*
Lagos | **Jan 2023 – Present**

- **Infrastructure Design:** Architected and deployed a multi-site SD-WAN solution across 15 branches, reducing network latency by 25% and cutting circuit costs by 30%.
- **Automation:** Developed Python and Ansible scripts to automate routine switch configurations, reducing deployment times from 4 hours to 15 minutes.
- **Incident Response:** Served as the Tier 3 escalation point for complex network outages, maintaining an average Mean Time to Resolution (MTTR) under 45 minutes.
- **Team Leadership:** Led a team of 4 network engineers and managed a ₦150M budget for core infrastructure hardware lifecycles.

Network Engineer | *Global Telecoms, Abuja* | **Mar 2018 – Dec 2022**

- **Network Operations:** Managed routing and switching environments for an enterprise network supporting over 5,000 internal users.
- **Security Implementation:** Deployed and configured Palo Alto Next-Gen firewalls, establishing secure remote-access IPsec VPN tunnels for hybrid workers.
- **Capacity Planning:** Monitored network traffic patterns using SolarWinds to proactively upgrade bandwidth bottlenecks, preventing peak-hour degradation.
- **Cross-Functional Collaboration:** Partnered with the Systems and Cloud teams to successfully migrate 40% of on-premise application workloads to AWS.

Education & Certifications

- **B.Sc. in Electronic and Electrical Engineering |**
Obafemi Awolowo University | 2016
 - **Cisco Certified Network Professional (CCNP Enterprise) |** *Cisco ID: 123456 | 2024*
 - **Palo Alto Networks Certified Network Security Engineer (PCNSE) | 2025**
 - **AWS Certified Advanced Networking – Specialty | 2025**
-
